We are the
place to reach
your **full
potential**, and
push out the
edges of what
can be.

UX Designer

We are Roadmap.

The award winning corporate travel platform.

We are on a mission to take the travel industry to the next level. We innovate global business travel in collaboration with our blue-chip clients, including Microsoft, Nike, Tommy Hilfiger, Pfizer and LinkedIn.

Our platform enables companies to benefit from a well-designed, super compliant, truly traveler-centric travel platform that maximizes value and minimizes costs. Fully customized. Fully branded.

“Our people are the fundament of our platform and the ones that make our product stand out from the crowd.”

Jeroen van Velzen. [Co-Founder Roadmap](#)

As a UX Designer on this team, you will blaze a trail while having fun and creating customer value. This role requires ownership, autonomy, and an ability to deliver results. You enjoy working efficiently to build the right things with limited guidance. Your practical experience, high level of skill, and insight into intuitive and user-friendly UX is demonstrated via applications that raise the bar for both security and ease of use across platforms.

“Roadmap is a growth company that looks for team members to grow with it.”

Markus Emmer. Co-Founder Roadmap

Core Requirements

- Have 5+ years' experience as an Interaction/UX Designer at leading digital firms;
- Have an analytical approach and creative solutions to UX challenges;
- Have completed a Bachelor- or master's degree CMD, Interaction Design or Industrial Design;
